

# MATRIXDECOR

## MATRIXDECOR IS THE NEW PLAYER ON THE MARKET OF **FRAME SYSTEMS** WITH BIG HOLES

**MatrixDecor** is a manufacturer of high quality modular fast construction systems for stand construction. **100% Made in Belgium**. We offer a wide range of **systems, profiles, connectors, accessories** and **finishes** at an attractive price.

All our products are designed with comments and findings from experienced stand builders. Because of the choice of materials and assembly methods, our products have a much longer lifespan, which means that the return on your purchase is much higher.

Our systems can be combined with the systems you already have! Quite a few users in Europe already gave us their trust.

We want to be a full partner that offers high-quality, sustainable and on time delivered products at a correct price. We offer our products not only in **sales** but also in **rental**. This way you easily deal with temporary shortages and you do not have to finance all the specials yourself. Because of our large stock, we can also assist you in accepting large projects.
