

# MAKING VIDEOS TOGETHER!

Video marketing continues to be an essential strategy for your company. Be it live videos, vlogs or instruction videos, people view them every week. It makes sense: **images are the most powerful way to get your message across.**

At MOTCHA we are also totally convinced that there's a perfect video solution for every company. For every size, every level of experience and every budget. Video is in our DNA!

Together with your team we will help you through **all steps of video marketing**, from creative idea to professional video.

We can help you create:

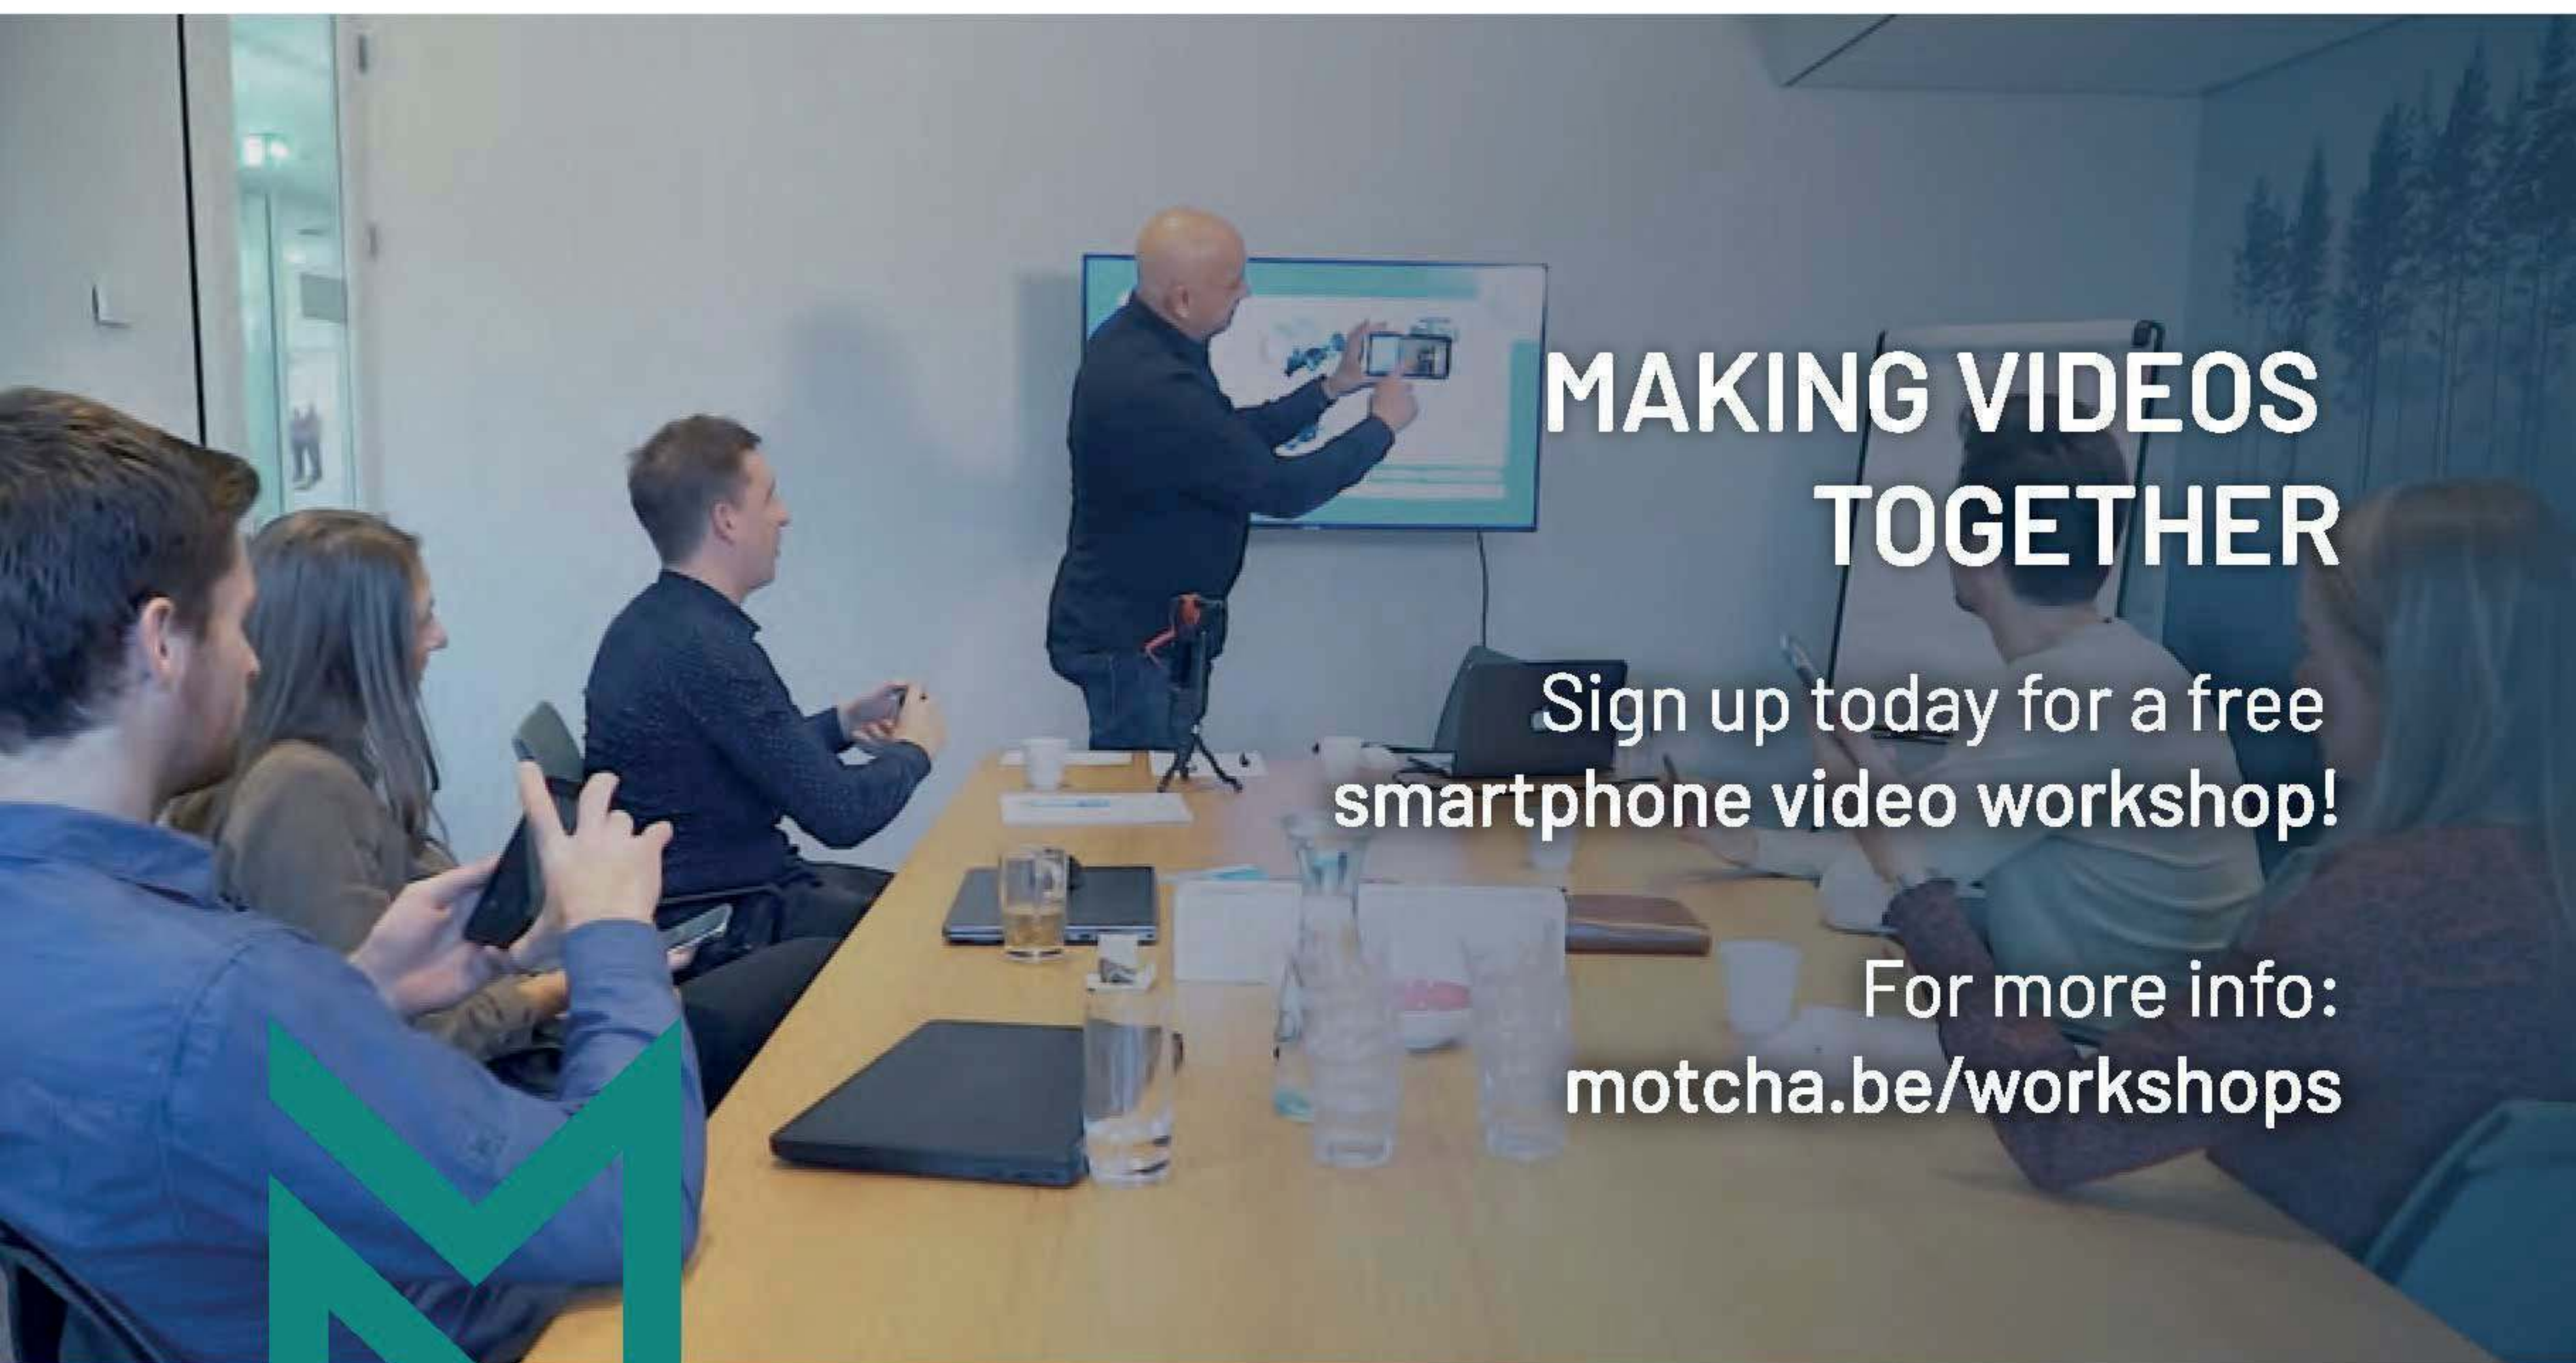

Corporate videos | LMS animation | Webinars | 360° videos | And so much more!

Not yet entirely convinced? Take a **free smartphone video workshop!**

During the smartphone video workshop we will literally and figuratively zoom in on how you can use your smartphone.
