Our vision

- Corporate events in a professional environment.
- Delicious restaurant with honest prices.

3Square stands for hospitality and experience with a *soul*.

We create an environment where we want to *know the customer* and their business. We take care of your concerns and the details that make your event unforgettable. A *tailor-made approach* in an informal setting are essential to make your event stand out.

If you want to organize professional meetings, seminars, teambuildings or you just want to have a (business) lunch in our restaurant, all is possible. Our restaurant or any meeting room we have can be adjusted to your needs.

To extend our services, we recently *opened two extra establishments* in the center of Ghent (De Oude Vismijn) and Ostend (Kurso).

To discover more about our eventspaces and possibilities take a look at our website and our social media.
